

PSE&G SMART THERMOSTAT REBATE PROGRAM

REBATE ELIGIBILITY REQUIREMENTS

- You must be a current PSE&G residential electric and/or natural gas delivery service Customer.
- Each PSE&G residential electric and/or natural gas delivery service Customer is limited to two (2) smart thermostat rebates per PSE&G residential account. **If you have already received two (2) rebates under the Smart Thermostat Program, you are not eligible for additional rebates.** You may purchase additional thermostats at full price without the rebate.
- The rebate is exclusively available on eligible smart thermostat devices purchased directly through the PSE&G Smart Thermostat Program Marketplace.
- Smart thermostat devices must be installed within 60 days of purchase in the same home as identified by the PSE&G residential account used to validate customer eligibility. Resale of rebated products is expressly forbidden.
- Renters may apply for, and receive the rebate, however they must obtain permission from the property owner to install the equipment. Purchase indicates that the renter has obtained this permission.
- Rebate eligibility requirements are subject to change without notice, including early termination of this Program.
- Rebate eligibility requires Customer agreement to the PSE&G Smart Thermostat Program [Terms and Conditions](#).
